RE: THE WORLD GAMES IN BIRMINGHAM, ALABAMA, POSTPONED TO JULY 2022

Dear Presidents,

By the present please be informed that today the International World Games Association (IWGA) and Birmingham Organising Committee (BOC) have officially announced the decision to postpone the 11th edition of The World Games until 7th to 17th July 2022.

In fact The Games had originally been planned to take place from 15th to 25th July 2021, but after the International Olympic Committee's (IOC) recent decision to move the Tokyo Olympic Games to July 2021 IWGA and BOC decided unanimously to postpone of one year The World Games in Birmingham, Alabama, to avoid any risk of reducing public and media interest.

For your information following this important decision the WAKO (IF) Board of Directors during its next meeting to be held on April 25th will review the qualification criteria for The World Games 2022 and immediately after an official communication will be published and sent out to all national Federation members.

These are extraordinary times we live in, and Kickboxing needs to flex with the changes and adapt to the ever increasing challenges facing us as a community and as a sport in the IOC Family of sports. Please stay safe, stay healthy and isolate until its safe to do otherwise.

Best regards,

Roy Baker

STAY AT HOME CHAMPIONSHIP – SHADOW KICKBOXING -

A Creative idea to encourage athletes for competing from their homes

In light of the health conditions the world is witnessing with the spread of the Corona virus and the preventive measures taken by the all governments to declare a state of emergency, among these measures is the closure of schools, universities and gyms, which means a long period of discontinuation of organized training for our athletes.

In light of the responsibility of the **Palestinian kickboxing federation** to maintain the safety of their athletes and encourage them to adhere to home reservations, the president of the Palestinian Federation, Master **Samir Athamna**, launched the idea of organizing a shadow fight championship under the hashtag “Stay at home” and participated with us through a short video and the goal was to motivate athletes to continue with home training and as a kind of entertainment for them as well, especially since the Shadow Kick Boxing is directly related to the actual Kickboxing training.

In order to make this idea successful and serious, the Federation has put in place a suitable rules and conditions deprived from WAKO IF Kata Forms rules, as well as prepared an electronic judging online program prepared by the Palestinian engineer Tariq Dawood, where the referees were able to set points for the competitors through their presence in their homes, and do not forget the important and pivotal role of the technical director of the tournament **Dr. Nizar Taleb**, Vice President of the Palestinian Federation, who made out of this idea a big event and take it far than being for entertainment at home.

Many athletes and their families interacted with this idea, and the number of athletes participating in the championship reached **more than 210 athletes** of both genders and all age groups **from the West Bank, Gaza and the Diaspora - the Lebanese arena and Palestinian communities in US and Europe**. Palestinian sports media and the Palestinian Olympic Committee media praised this creative idea that achieved many goals. The President of the Arab Federation, **Dr. Basil AISHaer** was among the first fans of the idea, who immediately initiated the Arab Federation of the first Arab Championship for the Shadow Kickboxing to popularize the idea within the Arab world.

So far **WAKO Canada** has held two **Virtual TOWN HALL sessions**. One for Club Owners and one we are scheduling for Sunday April 19th for any young person that wants to engage in a virtual discussion on the impacts of COVID.

WAKO Canada has so many youth that have registered for this session. It is mean to be an inspirational session with speakers that are working in the health care field but also a couple of youth that are also volunteering to help the most vulnerable

Dr.Faisal Rehman

He is a nephrologist at Western University hospital in London Canada. He is also Director of Medical Issues on the Board of WAKO Canada.

He has been incredibly busy at two hospitals taking care of COVID patients as well as being an instructor of residents.

Despite his busy schedule he was able to spend time on an important online session with WAKO Canada clubs giving them advice and inspiration in dealing with this pandemic.

Dr. Rehman regularly helps federation with major tournaments but also supports our National athletes and WAKO Canada PROs. He is a wonderful advocate for WAKO kickboxing in Canada and is in the frontline caring for the most vulnerable.

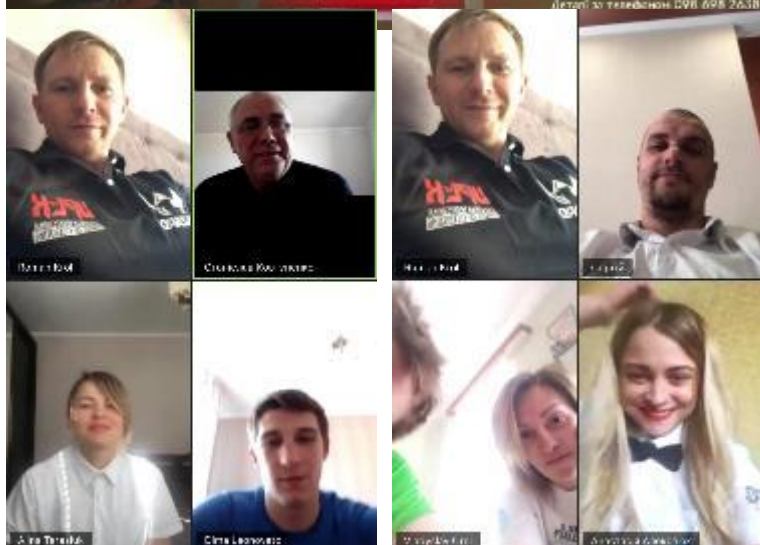

The Ukrainian kickboxing refereeing academy has adapted to the current conditions and conducts distance learning of the WAKO rules.

Initiative and support for the development of the Academy of Referee are provided by President of the National Federation of Ukraine **Olga Pavlenko**, Chief referee of Ukraine **Yuriy Zubov** together with the international class referees **Roman Krol** and **Stanislav Kovtunenکو**.

WAKO PAN American Federation

First Online Training of WAKO Panam for National Directors of the Continent.

With the **participation of 14 countries**, and as part of the strategies developed by WAKO Panam in its firm intention to serve our members and accompany them in these difficult days that we live as humanity; The first **Online meeting of National Arbitration Directors** of the countries of the region was held last **Saturday, April 11**, among which were present: Argentina; Brazil, Chile, Colombia, Ecuador; Panama, Puerto Rico, Dominican Republic, Mexico, Guatemala and Venezuela also as guests Spain and the Netherlands.

The training by Sensei Marlon from WAKO Guatemala was mainly focused on updates to the WAKO IF regulation specifically on Creative Forms with weapons and without weapons, Musical Forms with weapons and without weapons, as well as aspects of the General Rules of Tatami.

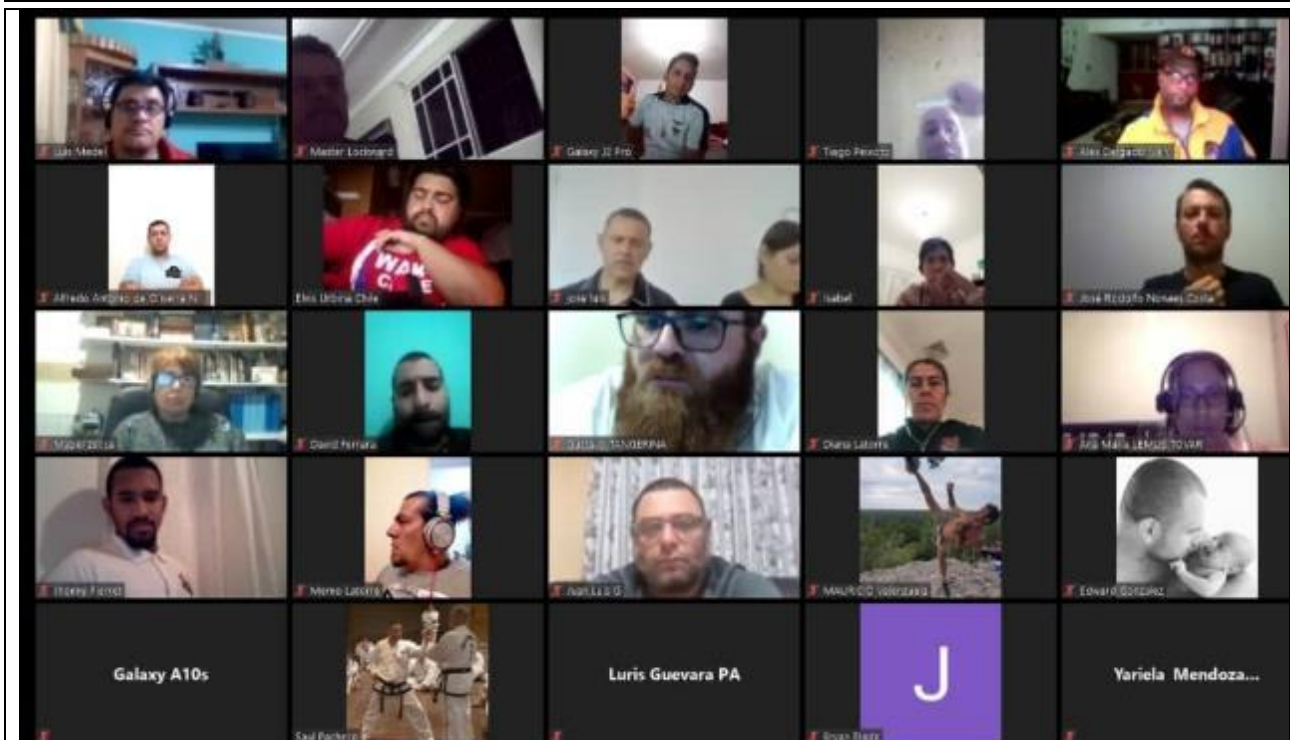

The activity with a duration of 4 hours was carried out taking advantage of the technological benefits through the Zoom application, so each Director from his home, respecting the global dispositions of staying at home, had the opportunity to enjoy this training that became more of a meeting from colleagues and friends in favour of kickboxing, and the development of the continental region.

Activities like these will continue to be scheduled and promoted in an effort to turn weaknesses into strengths and make the most of isolation to educate and motivate our WAKO members.

We will continue working, transforming every unfavourable situation into strengths as part of our Martial discipline.

TRINIDAD & TOBAGO

WAKO Trinidad and Tobago began their 2020 season on the 2nd February with the Central Open hosted at the Central regional Indoor Sport Arena.

This was the first of three qualifiers to select the National team to participate at the Americas Cup in Venezuela and the 10th WAKO Pan American Championship scheduled to be hosted in Brazil in November.

There were just over 100 competitors competing in point fighting and open forms in ages of under 6 years to adults in their thirties.

The athletes were quite enthusiastic and competed with fervour and commitment.

We thank them all and their coaches for making this event a success, and we are looking forward to the second leg of the series which is carded for the 8th March.

PEACE AND SPORT – April 6th

Peace and Sport White Card day, a very important annual event for WAKO and the sport of Kickboxing. We have a unique role to play in this world in developing understanding, tolerance and empathy for each other.

Recently I had the privilege to be in South Africa as President of WAKO , where I was presented a VERY special gift by the Acting president of the National Olympic Committee of South Africa, it was a first mint gold coin of Nelson Mandela, signed by the past President of South Africa and the CEO, with Mr Mandella's speech on 5th December 2013, which said. *“Sport has the power to change the world, It has the power to inspire. It has the power to unite people in a way that little else does. It speaks to youth in a language they understand. Sport can create hope where once there was only despair. It is more powerful than government in breaking down racial barriers.*

MR MANDELLA GOT IT RIGHT AS ALWAYS.
